

# I AM JOSEPH

A solemn call to all the **Josephs** (Josephines) of the Illinois District Council to come out of your prison and step into your rightful place in leadership and government.

As Joseph (ine) you must be a person of good integrity and singleness of the heart, not giving in to Potiphar's wife Potipherah (or Potiphar) when she (he) comes calling and pulling on your coat-tail. Having the fear of God in your heart, remembering that you're anointed and that you have a dream and a purpose to be fulfilled in your life. Ordained by God, as was Joseph, we ourselves must be ready to deny ourselves of the pleasures of the flesh and this world that we unlike David may be able to lead the kingdom out of its battles on the first time. So, if you're David now, don't continue to cover it up by killing her Uriah. Rededicate yourself to being like Joseph.

If we don't stand in our place, free to lead to worship. The world (Egypt) will train our children to worship their gods and they won't even know it, and there will be no hope for a deliverer to come when you get into your struggle while you are forgetting God. Joseph, keeping his connection with God helped the children of Israel get to the promise land. Because without Joseph, being that his brothers tried to destroy him, the dream could have very well died in the famine.

Don't abort and kill the dream. Make yourself known to the baker and the butler. So, that when the time comes you will come out of your prison to govern the world with victory. You are a leader and the kingdom needs you to be, even when you are single and waiting for your mate to come. Not another mans Bathsheba, but your own.

As Paul stated, "I would that you all were free; as to being totally dedicated to God. As for being married you belong to your mate and your responsibility is to take care of your house". All I am saying is, take care of (Bethel) the house of God while you are single and He will lead you as your head taking care of you when you are married.

**THE JOB IS A LABORER.** The pay is eternal life along with fringe benefits here on earth. The best paying job any man can have. Financial, Dental, Health insurance and Blessed assurance included. He'll cover you with His blood. The best 401K retirement plan on the planet. You even get paid double and that's for your trouble and is worthy of double honor. Now hiring on the spot. All that apply will receive on the job training.
